PROFILE

Enthusiastic IT engineering student passionate about coding and modern technologies. Looking for an internship where I can improve my skills and contribute to real-world IT projects.

EDUCATION

Bachelor of IT Engineering Cosmos College Of Management & Technology	2020-2025
Higher Secondary Education (10+2) Little Buddha Academy - 3.35 CGPA	2019-2020
Secondary Education (SEE) Little Buddha Academy - 3.30 GPA	2018-2019

PROJECTS

Student-Record-System — Academic Records Management (Python)

Repository: github.com/ayushgiri5429/Edu_log

- Built a Django-based education log system with class, grade, and attendance tracking.
- Implemented full CRUD operations and user authentication for teachers/students.
- Designed a responsive UI using HTML, CSS, and basic JavaScript.
- Structured the database (SQLite/MySQL) and developed the project as a full-stack web app.

News_Portal — Online News Web Portal (Django/Python + Web)

Repository: github.com/ayushgiri5429/News_Portal

- Developed a Django-based news portal with admin posting and category-wise browsing.
- Implemented backend APIs, templates, user authentication, and a responsive UI.
- Integrated frontend and backend using Django Views/Models/Templates with organized project structure.

TRAINING AND CERTIFICATES

Broadway Infosys — Python/Django Training

Certificate No: B97481000

Coursera - C for Everyone: Programming Fundamentals

Certificate ID: WWSVXURTF8J8

Coursera - Programming Foundations with JavaScript, HTML & CSS

Certificate ID: 42P37AJTSF34
